

Get the feeling you don't know anybody at Church anymore?

The CCW would like to put together a photo directory of all parishioners to St. Mary-Mio. We would like at minimum include all households in our church directory but if at all possible we would also like to include those out of towners that attend Mass when they are up to their cabins or seasonal residences.

In years past we have had professional photographers come in, and you would schedule an appointment for your photo. However, we always had people that did not want to deal with someone trying to sell portrait packages, or could not or would not come for a photo. But not this time—We propose people sending us their pictures either by email or text, and answer a few questions. Such as :

- what city is home,
- when you are at St. Mary-Mio are you a permanent resident, seasonal resident, vacationer, other
- Which Mass do you normally attend?
- Three things about yourself/family that you would like to share

Pictures should be head and shoulders only, no hats or sunglasses.

If you would prefer a professional photographer or someone at the church to take the photo, either let myself or the office know, and we will see what we can do to make it work. Watch for update in the bulletin.

Example Entry

LeBlanc, Dana & Sharon
